DISTRIBUTING

April 6, 2020

To Whom It May Concern:

I am writing in recommendation of Robert (Bobby) Donahue. I have known Bobby for almost a year and can personally attest to his skills as a chef and to his integrity as a person.

Bobby and I began talking about working together last May. After interviewing him and having him cook for my family in our home, we hired him to work on our family's motor yacht. Bobby held this position from June, 2019 to April, 2020.

Bobby is an excellent chef and has a very wide portfolio of menus. He can fulfill any food request and is equally comfortable cooking for a family of 4 in one's home to cooking for a party of 15 aboard a yacht.

Bobby has excellent interpersonal skills and always exhibits a happy, positive attitude.

He has a great deal of experience and is most comfortable working for families at their homes and estates.

I can attest to the fact that Bobby is a highly skilled chef and it has been a pleasure working together. I believe he would be a compliment to any estate, yacht, or personal chef program.

I am happy to be contacted for more detailed information.

Sincerely,

Steven A. Busch
